ACADEMIC HISTORY

NSRIT | 2022-2025

COMPUTER SCIENCE AND ENGINEERING (BTech)

- GPA: 8.49

Sankethika Polytechnic | 2019-2022

COMPUTER MAINTANACE AND ENGINEERING (Diploma)

- GPA: 7.8

SKILLS

Technical Skills

- Basic Programming Languages(c, java, python)
- Basic Web Languages(HTML, CSS , JS) ,
- Tools (Android Studiio , Git Hub, Figma, Unity3d)

Soft Skills

- Leader Ship
- Team Player
- Creative Thinking
- Problem Solving
- Communication

WORK EXPERIENCE

App Development Intern | 2024

Suguna Innovation Institute

- Created a user-friendly interface tailored for the needs of teachers, admins, and parents.
- Developed backend systems to securely store, retrieve, and manage student data and school updates.
- Implemented data protection measures to safeguard sensitive information and ensure secure access for different user roles.

PROJECTS

Intelligent Cloud-Based Information Retrieval for Keyword Searches

This project involves developing a cloud-based search tool that allows users to enter a word or phrase and retrieve a list of relevant web links along with content snippets. Utilizing cloud computing and a search engine API, the system performs real-time searches, providing efficient and scalable information retrieval.

Mobile Application For School Student Management

Developed key features for a school management app, including attendance tracking, daily activity monitoring, and notifications. Collaborated on UI/UX design and backend integration using [technologies/tools]. Gained experience in the full software development lifecycle, from concept to deployment.
